## T. W. ROBINSON.

During the last thirteen years we have made many announcements through the public press, but this is the most important one of all to our customers, the public generally and ourselves. After those years of experience we have decided to do what should have been done from the start.

## Sell for Cash Only.

On April 1st, 1896, we will adopt the Cash System, and hope our customers and the public will approve of our doing so, and will continue giving us a fair share of their patronage. The saving in office expenses, clerks, stationary, stamps, etc., etc., is a profit alone, even without the saving of losses on accounts.

Everyone knows a merchant doing a credit business cannot sell as cheap as one who sells for cash only. In order to buy for cash, which is the only way for customers and merchants to buy right, we must sell for cash.

Our Mr. Robinson has spent the last three months in eastern markets and is in a position to know how cheap goods can be bought for spot cash, and has taken advantage of the depressed markets and bought heavily in many lines, which we can

## Sell at Prices that will Astonish You.

Before the 1st of April we will issue a price list and will make the prices so low, that we feel confident our customers and the public generally will appreciate our move and that it will result in increased business for us, and money saved for both customers and ourselves.

Yours truly,

**T. W. Robinson.**

## NOXIOUS WEEDS.

**Mr. Ross Confers with his Constituents re the Formation of a S. L. & F. District.**

On Saturday, the 21st inst., Mr. J. H. Ross, M. L. A. and resident member of the Executive Committee, came up from Regina for the purpose of discussing with his constituents the advisability of forming a Statute Labor and Fire District. The meeting was largely attended and a number of farmers took part in the discussion. The motive that prompted the promoters of the scheme was the need of efficient means to cope with an evil that is yearly becoming more serious, viz., the question of noxious weeds.

At 2 o'clock Mr. S. K. Rathwell was voted to the chair, and after a few explanatory remarks on the object of the meeting he called on Mr. Ross to explain what legislation had been enacted and also what steps were necessary to have the law properly enforced.

Mr. Ross took the platform and explained that in 1888 an ordinance was passed making it incumbent upon every owner or occupier of land to cause to be destroyed all noxious weeds growing thereon, and in case of neglect to abide by the law the offender was liable to a fine. This law, however, was found to be inoperative for the reason that it was not enforced. It was a remedy, but the farmers were loath to enforce it. Very few farmers care to lay a complaint against their neighbor, and for this reason the statute was found to be a dead letter. The weeds had no great hold on the country until within a few years back. During the dry years the weeds had little chance to make any headway, but with the last year or two with moist and favorable seasons for grain, the weed seeds had come to life and the country had a terrible growth of the latter. This question had, however, been a live one in the Assembly. They had discussed it and endeavored to cope with it, but had been unable to find a solution of the difficulty. Farmers were averse to forming themselves into municipalities and the Assembly was slow in advising them to do so for various reasons, but organization of some kind was necessary in order that a community may deal with the matter successfully. North and South Qu'Appelle had some years ago formed themselves into municipalities as also did Moosemin and other parts of Eastern Assiniboia, and to-day these people are petitioning to have these municipalities dissolved. My own opinion is that you should by all means form an organization of some kind, such as, for instance a Statute Labor and Fire District. If such were formed it would be much more easy for the Assembly to act. You cannot expect the Assembly to deal with the question of destroying noxious weeds wholly, when they are now taxed to their utmost capacity with roads, bridges, etc. Whatever the Assembly should contribute would come from the district grant, which is already small to supply the wants of a large district like Moose Jaw. I am willing to assist if the people want assistance, and if it is shown to me that the people want to form themselves into an organization that would enable them to grapple with the evil. I cannot do anything in regard to non resident lands. The clause in regard to having unoccupied lands cleared and the cost charged up to the district was repealed. It was not my purpose in coming here to tell you what I think ought to be done, but rather to hear from you what you want. Asked as to what the probable tax would be if a district were formed, Mr. Ross said about two days work for 160 acres of land. This is a very small amount for each individual, compared with the benefits to be derived. Every true Canadian should be willing to do something for the good of his district or his country. The Assembly in framing the ordinance re Statute Labor and Fire Districts had in view the earnest desire to provide the best means of getting repairs and small jobs done without the necessity of forming into municipalities. I believe in helping people who help themselves, and in this matter if you show me that you want to form into such an organization as I speak of I will help you. I don't want you to form into small districts, but rather into one large district, then I will appoint one inspector over the whole. I shall be happy to come up and confer with you any time you may call a meeting and desire me to attend.

Mr. Fred. Green was called on and he came forward and outlined a scheme of his own which met with the general approval of the meeting. His scheme was on the line laid down by Mr. Ross. He went a little further than Mr. Ross, however, and wanted a law to compel farmers to turn out and patch up water holes, put out gopher poison, etc.

Mr. Wm. Watson said that people did not at first think weeds were bad until in many cases they had got the start of the farmer, then great difficulty was experienced in battling with them. He cited cases where owners would renounce ownership rather than go to the expense of destroying weeds without assistance.

Messrs. Gilmour, B. Smith, Moore, Hopkins, Dalgarno, and Rathwell, each spoke, most of whom concurred with Mr. Green in the remarks he had made. Most of the speakers asked one or more questions of which Mr. Ross took a note.

Mr. Ross again took the floor at this juncture to answer the questions that had been put to him. He explained the nature and working of the burning machine, as he had seen a model at the Regina fair, and thought it a good thing, though rather expensive. He expected it would be a success and would be especially useful to ranchers, but did not think it would be much use for destroying weeds. It requires about four horses to pull it and costs about \$250. Speaking of Mr. Watson's creamery proposal he thought it a praiseworthy scheme and hoped the Assembly would be able to meet Mr. Watson's wishes by placing a sum of money at the disposal of the Dairy-men's Association towards assisting creameries, but Mr. Watson should stop there and not turn around again and ask that money be furnished by the Assembly for destroying noxious weeds on unoccupied lands. If a Statute Labor district be formed money will be forthcoming from the Assembly to assist, therefore, as above stated, help is given to those who help themselves. He was also in favor of Mr. Green's idea of compulsion. Regarding the purchase of a grader for this district he thought them a very useful machine and thought it would be a great benefit to make good roads in the vicinity of a creamery, which is so desirable, but he warned his hearers that they could not burn their candle at both ends. He had very little money to spend in his district and he would make it go as far as possible, and spend it where it was expected to do the most good. As to gopher poison, it was to be supplied this season as heretofore. The poison was being purchased through the Executive and just as soon as it is passed by the government analyst it will be forwarded for distribution. He also thought the people should keep dams and ponds in repair and not run to the member for every little thing that required being done, and which could be sometimes repaired when first noticed in a few minutes.

It was moved by R. Moore and seconded by Mr. Gilmour, that a vote of thanks be tendered to Mr. Ross. This was carried unanimously.

A committee was appointed by the meeting to investigate as far as possible the extent to which weeds have invaded the district, and to suggest means that in their opinion would successfully cope with the threatened evil. The committee to report at a public meeting to be held in the Town Hall on Saturday, April 4th. Mr. Ross has been again invited and has signified his intention of being present.

## Carmel.

CARMEL, March 23.—The tea-meeting which was held in the Huron church on Wednesday evening, the 18th inst., proved a grand success. The entertainment was good and was very largely attended. Plenty to eat and some to spare. The receipts of the evening were \$25.25.

Mrs. Stephen Hudson and her daughter, Emilie, who have been absent for the last three or four months visiting friends in Ontario, arrived home on the 14th inst. They look hale and hearty and report having had a very enjoyable time.

Mr. Arthur McPherson arrived home on 15th, and is much pleased over his visit in the east. But, Arthur, we were disappointed. Why did you leave her behind?

Mr. George Copeland and his sister, May, were the guests of Mr. Stephen Hudson on Wednesday last, but we don't want the reader to think that George came to see the old folk.

School commences here on Monday, the 23rd, if weather proves favorable, under the management of Rev. J. Robinson. We wish the gentlemen every success.

Mr. and Mrs. Lytle, of Qu'Appelle Valley passed through here on Wednesday last. Mr. John Sherwood has purchased a team of fine horses, also a single driver. This looks like business.

Mrs. E. J. Powell is visiting friends in town.

## THE ROSS COMPETITION. Messrs. Hugh Ferguson and Hamilton Lang the Winners of the Thirteen Point Contest.

The competition for the trophies donated by James H. Ross, M. L. A., was concluded at the curling rink on Wednesday. The greatest interest was manifested in the matches and the rink as a general rule was thronged with on looker.

The contest is what is known as the "Thirteen Point" game. The conditions governing the competition were that each player should play three pairs of stones. He was not allowed a skip and had to do his own sweeping. The members were divided into two classes, viz: Class A, old curlers; Class B, curlers of current season. The play resulted as follows:

CLASS A.		
1ST DRAW.	2ND DRAW.	3RD DRAW.
Macdonald 9	Ferguson 13	Ferguson
Ferguson 14		
Bunnell 13	Bunnell 11	
Gordon 12

It is impossible to give an account of each game. Some remarkably fine games were played. The closest in the competition was that between Messrs. Gordon and Bunnell. The score stood 12-12 and the latter player won with his last stone. Mr. Lang, the winner of the junior trophy, had a hard siege of curling. Every one of his contestants put up hard games, particularly Mr. Whitmore, who played magnificently in the final game. The score was so even that it was a toss-up which should prove victorious. The score was 10-9 when Mr. Lang built up a six end, the only one during the competition.

**THE WINNERS PLAY**  
Messrs. Ferguson and Lang played a friendly game on Wednesday afternoon, for a \$3.00 hat donated by M. J. MacLeod. It was a hard contest from the start. At the 14th end the score stood 12-12. Mr. Ferguson won with his last shot. Out of fifteen ends the junior player secured nine.

Considering that Mr. Lang, the junior winner, and the other juniors had never handled a curling stone until two months ago, it leads one to the belief that the art may be learned in a short time. However, it is a game that requires close application, and the writer can affirm from observation, that although the Moose Jaw club is the youngest in the Territories it now stands far from the bottom in point of proficiency. In 1897 the Moose Jaw Curling Club shall be represented at the leading bonspiels of the west.

## The Dairy-men's Convention at Maple Creek.

Messrs. Hopkins and Watson, with John Hawkes, acting secretary, held two sub-conventions at Maple Creek. On Monday evening, the chair was taken by Mr. Abbott. Mr. Hopkins read his practical paper on co-operative dairying and Mr. Arthur Martin, B.A., followed with an excellent paper on "Dairying for Profit." Mr. Watson then introduced his plan for establishing a system of creameries throughout the North-West, as outlined in last week's TIMES, after which discussion was invited. Time would not permit the subject to be thoroughly thrashed out and adjournment was taken till next day.

At one o'clock on Tuesday the dairy-men again assembled, with Mr.

Fearon M. L. A., in the chair. There was a good attendance but there would have been a larger crowd had it not been for a heavy rain storm.

After an interesting discussion, in which a great deal of valuable information was elicited, and the methods employed at the Moose Jaw creamery were fully stated. Mr. Abbott moved and Mr. W. E. Jones seconded the following resolution, which was unanimously carried:—"That having heard the addresses of Messrs Hopkins, Watson and Hawkes, of the North-West Dairy-men's Association, as to the erection of creameries under Government aid and supervision, this meeting is unanimously of the opinion that the scheme of Mr. Watson should be endorsed and the Member for the district be requested to support it in the heartiest possible manner." A hearty vote of thanks was also accorded the delegation. A lively interest has been aroused in creamery matters, and it is probable that as a result the cream of three hundred cows may be sent to the Moose Jaw creamery from Maple Creek station.

## Royal Templars.

The regular weekly meeting of this degree was held in the council chamber on Tuesday evening last. There was a large attendance of members. The Select Councilor, out of respect for Past Councilor Timmins, who is shortly leaving Moose Jaw, asked that officer to preside over the Council. The Select Councilor occupied the Past Chair.

Mrs. G. W. Mann was initiated into the degree and several new members were balloted for and elected.

Full arrangements were made for the third medal contest, which is to be given in the Town Hall to-night, in aid of the Medicine Hat hospital. The special committee reported that the vocal and instrumental programme was completed. Messrs. Snow, Grayson, Potvin and M. Annable were appointed a committee of usher. Mrs. E. A. Barber and Mr. W. Baxter were appointed doorkeepers. The special committee reported in regard to the questions submitted to President Braithwaite in reference to prohibition being a plank in the Patron platform. An animated discussion took place concerning the same. The committee on motion were finally ordered to bring in the written questions with Mr. Braithwaite's answer to them at the next regular meeting of council.

The Select Councilor welcomed Miss Emeline Hudson, who has just returned from a trip to Ontario, back to the council. Miss Mary Winn, the treasurer, has also returned from her month's holiday in the same province. After the transaction of other general business, the council closed with this short but well rendered programme: Piano solo, R. A. McCall; recitation, E. Colpitts; organ solo, Miss Hannah; reading, Mr. Nelson; vocal solo, Geo. Mann; piano solo, Miss E. Hudson.

The council, through the kind generosity of Mr. Boque, had his Featherstone piano placed at its disposal for the evening.

## Regina.

REGINA, March 24th, 1896.—Considerable grain is being marketed here, in fact there is more coming in this month than any previous month this year. The price is 42 cts. for No. 1 hard.

Rev. Mr. McLeod, of Moose Jaw, occupied Knox church pulpit on Sunday morning and evening, Mr. Carmichael being at Whitewood.

Rev. Leo, Gaetz, of Brandon, preached anniversary sermon in the Methodist church on Sunday. A very large crowd turned out to hear him, and it may safely be said that he won golden opinions. On Monday night the anniversary tea meeting was held in the basement of the church. After tea the large crowd assembled in the auditorium when a high class programme was rendered with Mayor Edly in the chair. The church choir, deservedly, came in for high commendation at the hands of Rev. Mr. Gaetz. The rev. gentleman, the star of the evening, delivered a most instructive and interesting talk, which was all the more appreciated in that it showed a divergence from the usual tea meeting lecture. By no means the least important item of the programme was an elocutionary effort by Miss Callender, a gifted graduate of the Boston College of Oratory.

There is much indignation expressed in town towards our M.P. The general opinion is that he has proved himself a "Judas".

Mr. A. Peacy, who recently passed the final examination in pharmacy, left on Wednesday, to try his fortune in the west.

Mr. Dave Young left for Calgary on Sunday. He will assist on the staff of the Herald until after the general elections.

A number of teachers who have been engaged to teach summer schools, are preparing to leave town on April 1st to enter upon their duties.

### THE REMEDIAL BILL.

It is almost necessary to apologize for again commenting on this almost worn-out question. The measure, however, is the coach that stops the way, and until it be removed none of the crying wants of the country can be attended to. The Bill has passed the second reading by almost precisely the majority that had been estimated. The committee stage must necessarily be a long process, because there are 117 clauses to be considered, some of them of a highly controversial character. In the meantime a deputation from the Cabinet is to wait upon Mr. Greenway to see what can be done, what Manitoba is prepared to concede. There cannot be a greater proof of the desperate condition of the Government than the delegation from Ottawa to Winnipeg. The statement that Mr. Greenway was going to crawl on his hands and knees to the Federal Government was false on the face of it; but not the most ardent admirer of Sir Charles Tupper and his colleagues could have ever dreamed that Sir Donald Smith from the Governor-General, and then two Cabinet Ministers from Ottawa, would go to a provincial premier and pray for help. It is doubtful whether ever before there was such official humiliation. It forms a curious precedent. It is an innovation, but it is extremely doubtful if it be an improvement. And after all what is the good of it all? When Mr. Greenway is asked what can be done in the matter he can only reply "Nothing." When he is asked what Manitoba will concede his only answer can be, "There is nothing to concede, Manitoba merely wants to be let alone." In the meantime the Remedial Bill will be struggling through the "forms of procedure" at Ottawa until the 26th of April, when will come the deluge, in the shape of dissolution.

The Massey-Harris Company have made a heap of money out of the farmers of the North-West Territories, a fact that Mr. Massey seems to have forgotten in making his will, for of all his magnificent bequests there is not one for the benefit of the Territories, whence so much of his colossal fortune was derived; unless we take the indirect way of possibly a benefit accruing to some of our young men through Wesley College, Winnipeg.

As the result of the visit of Mr. Watson and Mr. Hopkins to Regina last week, a creamery company has been established there. The work was done "slick." A meeting was called at which a joint stock company was formed and the very next morning a contract was entered into for one hundred tons of ice, the cutting of which began the same day. Negotiations are in progress for utilizing the Territorial Exhibition buildings for the creamery. The difficulty is that the site was granted for exhibition purposes only, but if that restriction can be over come it is likely enough the newly formed company will get the buildings. What will Lieut Governor Mackintosh say?

WAGHORN'S GUIDE TO TRANS. 50c. yb

In our leading article of last week a mistake was inadvertently made. The sentence which reads: "That the remaining ten dollars shall be expended in assisting factories or creameries . . ." should read: "That the remaining ten thousand dollars shall be expended . . ."

It is reported that eleven tobacco dealers of Winnipeg have been fined \$8.00 each and costs on a charge of selling cigarettes to boys under 14 years of age. One does not have to go out of Moose Jaw to see the evil effects of cigarette smoking on boys and youths. In many American cities dealers are liable to heavy penalties for selling to minors.

### Anglican Church.

Palm Sunday, March 29th, begins the Great Holy or Still Week to commemorate the sufferings of the Saviour for the redemption of mankind. All Christian people keep it in some way or other, especially the Good Friday. At the Anglican church a full programme is being arranged. Every morning there will be a brief service at 8:15, with a narrative address. Children are particularly invited to this before going to school.

Each evening at 7:30 they will go through some scene in the passion of Jesus Christ, trying to realize as vividly as possible the scene, the occasion and its meaning.

In addition to these services, on Good Friday there will be the great service of the three hours agony, from 12 noon to 3 p.m. during which hours He hung in darkness and bore our sins in his own body on the tree.

Last year there was a large number present at all these services, and it is hoped that they will be much better attended this season.

### Town Council.

The regular meeting of Moose Jaw Town Council was held in the Council chamber on Monday evening, March 16th, at the usual hour. Present: Mayor Bogue and Councillors Healey, Grayson, Hannah, Wilson, McDiarmid.

After approval of minutes of regular and special meeting, communications and accounts were read, which were on motion received.

The finance committee recommended the payment of John Bellamy's account of \$2.25. This was on motion ordered to be paid.

Notice was given that at next regular meeting of Council a By-law would be introduced to appoint Inspector Battell collector of poll tax.

It was moved by Grayson, seconded by McDiarmid that Coun. Hannah be allowed to introduce a By-law amending By-law No. 137. Carried.

The following accounts were ordered to be paid:—O. B. Fysh, returning officer, \$10.00; E. G. Woodward, printing, \$5.00; F. A. Meller, caretaker chemical engine, for January, \$2.00.

Moved by McDiarmid, seconded by Grayson, that reports of J. E. Annable, assessor, and S. N. de P. Green be filed. Carried.

Moved by Grayson, seconded by Wilson, for town hall to hold meetings on dairying, be granted. Carried.

It was also agreed, on motion, to grant request of E. Colpitts for use of town hall for public meeting under the auspices of the Patrons of Industry.

The following communications were referred to finance committee, viz., J. W. Ferguson, account, \$50.00; H. McDougall, sundries account, \$11.95; and communication of A. A. Andrews re fire appliances, to F. W. & L. Conn.

Moved by Grayson, seconded by McDiarmid, that the Clerk request audit order to audit books for 1895, including collector's roll. Carried.

The By-law amending By-law No. 137 was next put through its several stages and finally passed, it being numbered 145.

It was stated that complaints had been made to members of the Council in regard to the water now lying on Manitoba street, and intimating that unless the evil were removed suits for damages might be expected. Mr. Healey moved, seconded by Grayson, that the Clerk be instructed to write to Mr. C. W. Milestone, Asst. Supt., C. P. R., that citizens of the town are threatening actions for damages on account of the water dammed back by the C. P. R., and requesting him to have the grievance removed. Carried.

Council adjourned.

In our report of special meeting of the Council, published the week before last, we were in error. Councillor Hannah called for a division on the question of accepting an order for J. E. Annable in favor of Alex. Wilson. The vote recorded should show Councillor Hannah in the negative, and his reason, that the work was not completed, and the Council could not therefore accept the order.

There is a man in this neighborhood who is fond of taking up stray horses; but it was proved last week that a letter from Mr. J. G. Gordon had the effect of bringing him to his right senses.

Mr. J. Astleford is on his homeward journey after a week's trip west.

### Pioneer.

PIONEER, March 19.—Quite a number of the Pioneers have been attending the Literary and Debating Society meetings at Boharm of late, and express themselves as being highly delighted with the meetings. We understand that S. K. Rathwell has a paper to deliver at next meeting. Subject: "Monopoly and its effects."

At the last meeting which was called to discuss the subject of a Statute Labor and Fire District here, a lively discussion took place upon that subject, and also the weed question. It was, however, fully quashed by a majority vote of the meeting.

Miss Emily Green is home again after her extended visit at the Capital. She expects to start upon her duties again about the 1st of April.

RAMBLER.

### Boharm.

BOHARM, March 19.—As your correspondent has failed to connect for the past few weeks, we will attempt to give you a few of the happenings.

A meeting of the Literary and Debating Society was held here on Tuesday afternoon with President F. W. Green in the chair. A very lengthy and interesting paper on immigration was given by Jas. Pascoe. Quite a lively debate followed on the subject, after which a lengthy programme was rendered, consisting of songs, recitations and readings, by the best local talent. J. R. Green gave an interesting speech on "Monopoly, its effects and how to remedy it."

Mr. Elsom is expected to fill the pulpit here next Sabbath.

Boharm regrets the loss of one of its members in the person of James Candler, who has lately moved to Caron. Mr. Candler is, we understand, about to enter into the employ of the C.P.R. at that place.

Our cabinet factory is closed down for a while, owing to the hard times I fancy.

LOOKER-ON.

### Carmel.

CARMEL, March 10.—Quite a number from here attended the social held at the residence of Mr. J. G. Beesley on Wednesday, the 4th inst.

Mr. John Winn paid Carmel a flying visit last week.

The Buffalo Lake correspondent had a conundrum in last week's paper. The answer to which will be found in the B.E.B. almanac, page 18.

There is a new arrival at Mr. Dorrell's. It's a girl.

We are pleased to learn that Rev. Mr. Robinson is to be teacher of our school this season.

Miss Rhoda Hudson purposes giving a party shortly after her mother and sister's arrival. A good time is anticipated.

Mr. Gray says he isn't going to batch another year. We hope not, Tum.

Mr. Thos. Webb is convalescent.

Our worthy mayor is looking more cheery as the 14th draws nigh.

Miss Ida Powell, who has been visiting friends in town, has returned home.

### Caron.

CARON, March 17.—Mrs. James Laker and family have returned from Blue Rock ranch. Her father, Mr. Chas. Colenutt, brought her down, returning the following day.

Mr. Wm. Colenutt and Master John Flack, son of Mr. Samuel Flack, leave this week for Richard's Landing, St. Joseph Island.

Mr. Chas. Young is laid up with an attack of grippe.

Mr. Howard opened school this morning with a fair attendance.

James has a smiling face again and does not think of going west.

Mr. Thos. Campbell, C.P.R. engineer, of Winnipeg, paid his cousin, Mr. Geo. Hill, a visit last week.

Another new house in town. Mr. James Campbell and family have taken up their residence on South St., east.

Miss Hannah Robinson, of Caron, is spending a few days in Moose Jaw.

Lumber on the ground for a new restaurant on South street.

Caronites are busy practicing for an entertainment, to be held shortly in the Orange Hall.

CARON, March 18.—At the last Patron meeting of Caron lodge we had a full report from Mr. F. Green, delegate to the Grand Lodge, Brandon. Mrs. McHard was initiated into the degree. A long discussion took place on the weed district and the petition largely signed. The debate on the subject of resolved that "Mixed farming is more profitable than ranching" was postponed to the 25th inst. Everybody welcome.

There is a man in this neighborhood who is fond of taking up stray horses; but it was proved last week that a letter from Mr. J. G. Gordon had the effect of bringing him to his right senses.

Mr. J. Astleford is on his homeward journey after a week's trip west.

### BRANTFORDS?

Because at the Territorial Exhibition, held in Regina last summer, nearly every cycling event was won on a Brantford, and moreover in more than one event, riders who failed to land first heat changed their mount to a Brantford and won.

### LOCAL AND GENERAL NEWS.

See our men's hand-made at \$1.75. M. J. MacLeod.

Lieut. Governor Mackintosh, left Ottawa for Regina on the 25th inst.

Moose Jaw now holds the hockey championship of Assiniboia.—Qu'Appelle Progress.

Ballington Booth's new religious organization is to be named "God's American Volunteers."

Miss Mary Winn, Miss Rouatt, and Mr. Rouatt returned home early this week from an extended visit to friends in the east.

Inspector J. Hewgill, of Moosomin, having finished inspecting schools in Moose Jaw and district, returned home on Wednesday.

Joseph Martin, M.P., for Winnipeg, intends to retire from active politics, and devote his time to his law business which has suffered of late.

It is rumored that the residents at Buffalo Lake are earnestly considering the possibility of building an Anglican church for the needs of the district.

The Ladies' Guild of St. John the Baptist congregation intend holding an "at home" in the Town Hall, on Wednesday, April 8th, at 20 o'clock.

Startling values in men's, boys' and children's clothing at M. J. MacLeod's.

Mr. and Mrs. G. M. Annable and family were very nearly suffocated on Tuesday night by gas having escaped from the furnace to an alarming extent. It was discovered, however, in time to prevent serious results.

The residents of Buffalo Lake and English Village are glad to welcome back Mr. J. L. O. de la Hay. He arrived in Moose Jaw on Sunday bringing with him Messrs. Holmes and Moysey, from the old country.

The Anglican church people of Maple Creek are about to erect a tower and belfry for the church of St. Mary the Virgin, in that town. Great improvements have recently been made in the interior of the church by filling in the windows with beautiful colored glass work.

Owing to there being a public meeting on Saturday afternoon last, to consider what steps it would be advisable to take for the eradication of noxious weeds in this district, the dairy convention was postponed until the date of the annual meeting of the Moose Jaw Creamery Association.

The second issue of the North-West Sportsman is to hand. This is just such a weekly as the west has been in need of, there has been an expressed desire for such a publication. We hope it may continue up to date and engage correspondents in western towns.

Mr. J. F. Stenshorn, of the immigration department, Regina, left on Wednesday morning, together with a gentleman from the Dominion Immigration office, Winnipeg, for the Edmonton country. The object of their visit is to distribute seed grain to needy farmers of Northern Alberta, whose crops were frozen last year.

The Lord Bishop of Qu'Appelle returned from the east last Saturday. He is conducting a mission at All Saints' church, Winnipeg, this week. During his nearly three months' stay in Ontario His Lordship has not been idle, but has been incessantly engaged daily conducting missions and retreats, addressing conferences of clergy and organizing generally with a view to the financial and other needs of his own diocese.

Mr. Walter Bole went to Regina on Saturday night and returned on Tuesday's No. 1 train, accompanied by Mrs. Bole, who had spent a week at the Capital.

Mr. F. C. Gilchrist, of Fort Qu'Appelle, North-West Fisheries Inspector, died on Friday last at his home of inflammation of the intestines. He leaves a wife and family.

At the Presbyterian congregational meeting, held in the church on Monday evening last, it was decided to extend a call to the Rev. Mr. Muirhead, of Whitehead, who preached here morning and evening Sunday last.

### LIBERAL-CONSERVATIVE ASSOCIATION.

#### The Annual Meeting and Election of Officers.

At Russell hall this Association held its twelfth annual meeting, on Wednesday evening last. The President, Mr. John G. Gordon, occupied the chair. There was a fair attendance of members.

The first order of business was the election of officers. Messrs. Thos. B. Baker and Chas. A. Gass were appointed scrutineers. The balloting resulted in the election of the following gentlemen to the offices named:—President, W. J. Nelson; Vice Presidents, Alex. Wilson, Henry Hardy, Alex. Brechin; Secretary-Treasurer, Hamilton Lang; Executive Committee, Thos. B. Baker, Hugh Horison, James Brass, Fred Garthman, C. A. Gass, Fred Herrler, H. Annable, Pearson Waller was elected to the office of Tyler.

On the new President taking the chair an unanimous vote of thanks was tendered to the retiring President, Mr. Gordon. President Nelson then made a brief address thanking the Conservatives for the honor they had done him in placing him in so responsible a position on the eve of a general election. His constant aim would be to advance the interests of the Association and the great Conservative party, whose policy had only one purpose, the advancement and prosperity of our fair Dominion.

Amendments to the constitution were discussed and referred to a special committee.

It was decided to secure permanent rooms for the use of the Executive and for the meetings of the Association.

A resolution was unanimously passed congratulating Sir Charles Tupper on his re-entry into political life.

Also resolutions asking the Government to give the North-West Territory representation in the Cabinet, and suggesting the name of Mr. Nicholas F. Davin for the portfolio.

Much other business was transacted. Twenty-one new members signed the roll. At a late hour the meeting adjourned to meet again at the call of the President.

### Caron.

### THE MASQUERADE.

#### A Brilliant Array of all Nationalities and all Types of Manhood and Womanhood.

On Monday evening the masquerade and skating races held in the hockey and skating rink by the officers of the club, as a grand finale to the year's success, was all that the committee of management had hoped for. It was a success numerically, financially and in regard to the grand array of masqueraders.

The Stony Beach band was present and added much to the entertainment. Both the audience and the skaters were loud in their praises of this musical organization.

The ice was in good condition considering the atmosphere.

It would be impossible to describe the many costumes,—some neat, some appropriate, others costly, others cheap—that adorned or made comic the different skaters. Space permits us to refer only to a few. Fifty-three were the number entered for the handsome prizes given by the club. These costumes were particularly noticed by us among the lady skaters: Miss Clara Mann, Flower Girl; Miss Maud Rollo, Rosebush; Mrs. J. A. Wilson, Queen of Italy; Miss J. Haigh, Nurse; Miss Wallace, Nurse; Mrs. L. McDonald, Scotch Lassie; Miss Lizzie McCarter, Sister of Charity; Miss Nora Stevenson, The North Pole; Miss Nellie Tapley, Queen of Hearts; Miss Besie Ostrander, Trilby; Miss Belle Baker, Spring; Miss Grace Baker, Cosmopolitan Youth; Miss Winnie McLean, Summer; Miss Lulu Glenn, A Faerie Queen.

Among the gentlemen the following costumes were conspicuous: Nelson Brown, Dragon; Chas. Smith, Infantry Captain; Jas. Simington, Clown; Robt. Martin, Gentleman; J. Haigh, Chinaman; J. C. A. Potvin, Spanish Page; Boyd Simpson, A Troubadour; Norman Bellamy, in Bloomers; John McLean, in bloomers; Art. Smith, Town Constable; John Wallace, Nun; J. A. Creagh, Irish Poacher; Master Frank Glenn, Nicholas Papoose.

The judges, Mrs. John Munns, Miss Marion Stevenson, Mr. J. M. Simington and President Nelson, awarded the prizes as follows, in their decision excluding some costumes that had previously been awarded prizes: Best lady's costume, "Scotch Lassie," Mrs. L. McDonald; best gent's costume, "An Irish Poacher," J. A. Creagh; best girl's costume, "Ye Faerie Queenie," Miss Lulu Glenn; best boy's costume, "A Nicholas Papoose," Master Frank Glenn.

The same judges awarded last prize for best straight-away and fancy lady skater, to Miss Winnie Ostrander. Miss Jennie Haigh, for straight-away skating, deserves special mention. The first prize in the same class for gentlemen was awarded to Mr. Geo. Keyes. His fancy and figure skating was especially good. The one quarter mile race for gents was won by Wm. Rollo. The same race for boys was won by Ben Gatrander.

After the contests were judged the ice was made free to all, and to the sweet strains of music young and old skated till 21 o'clock.

### Debating Society.

On Friday night, the 20th inst. an interesting meeting was held of the Literary and Debating Society. The programme was opened by the chairman, Mayor Bogue, calling on Mr. R. A. McCall for a piano recital. Mr. McCall responded, and then Mr. Nelson recited Eugene Aram.

The chairman then called on Mr. McLeod, leader of the affirmative, to open the debate, the subject of which was "Resolved that our national prosperity and advancement will be best promoted by remaining a part of the British Empire." Mr. McLeod made an elegant speech in support of his contention. He pointed out that Canada has products that she cannot consume and she requires articles of merchandise that she does not produce and by remaining a part of the British Empire she stands a better chance in the world's markets. Besides it is not at all unlikely that an arrangement will be arrived at granting preferential trade between England and her colonies. Then under the present state of affairs protection is guaranteed by the army and navy of Great Britain, and we do not have to bother about external affairs. If we were separated we should be at the bottom among nations in point of greatness, and should be in danger of being swallowed up; now we are with Great Britain at the very top.

Mrs. Neeland sang, very sweetly, a vocal solo, and then the chairman called on

MR. WILCOX.

Mr. Wilcox introduced the negative side of the debate in a very humorous speech of a half hour's duration in which he brought forward some strong points and good reasoning. His plea was for an independent democratic form of Government. We need, the speaker claimed, make no disastrous changes in our Government. Our constitution is already well adapted to independence. We have satisfactory precedents in the United States, France, &c. The speaker contended that the argument that Great Britain would

protect Canada is all fallacy. We could form alliances for protection like other nations, and moreover the tendency now is toward arbitration. In a few years war will be almost unknown among civilized nations. Canada wants a literature, wants people and many other things that come quickly with independence. Take the United States for example. The speaker concluded with an excellent peroration.

Miss Winnie Ostrander rendered a vocal solo, which was received with applause.

Ma. A. M. Fenwick then took Mr. Bole's place, at a moment's notice, and strengthened Mr. McLeod's hands, after which Mrs. Bogue and Mr. McCall executed an instrumental duet.

Mr. R. W. Timmins next took the platform and backed up the remarks of Mr. Wilcox.

The chairman called for a show of hands to decide which side got the better of the debate. There was great hesitancy in voting, but after counting it was seen that more hands went up for the negative. A great many did not vote.
